

SIMPLIFIED INSOLVENCY PROGRAMME 2.0 (“SIP 2.0”) FAQ

QUESTIONS & ANSWERS

THE SIMPLIFIED INSOLVENCY PROGRAMME UNDER THE INSOLVENCY, RESTRUCTURING AND DISSOLUTION ACT 2018 (“IRDA”)¹

BACKGROUND

1. What is the Simplified Insolvency Programme (“SIP”)?

The SIP was introduced in 2021 (“SIP 1.0”) as a temporary measure to support eligible micro and small companies (“MSCs”) facing financial difficulties during the COVID-19 pandemic. It aimed to provide simpler, faster and lower-cost proceedings for MSCs in need of winding up or restructuring procedures.

On 7 January 2025, the Insolvency, Restructuring and Dissolution (Amendment) Act 2025 was passed in Parliament and the SIP became a permanent feature of the IRDA. It offers an expansion of the suite of insolvency options available under Singapore’s insolvency framework to smaller businesses facing financial distress. Similar to SIP 1.0, SIP 2.0 comprises two programmes:

- (a) **Simplified Debt Restructuring Programme (“SDRP”)** – For the restructuring of debts and potential rehabilitation of viable businesses; and
- (b) **Simplified Winding Up Programme (“SWUP”)** – For the orderly winding up of non-viable businesses and dormant companies.

2. How are the SDRP and SWUP administered?

The programmes are administered by licensed Insolvency Practitioners (“IPs”) who can be appointed as a Restructuring Adviser (“RA”) in a SDRP, or a Liquidator in a SWUP. Additional information can be found at the following resources:

- a) [List of licensed Insolvency Practitioners in Singapore;](#)

3. Can a company that failed to complete SIP 1.0 use the SIP 2.0 processes?

A company may enter into the SDRP or SWUP under SIP 2.0 even if it did not complete the simplified debt restructuring or simplified winding up programme under SIP 1.0 so long as it meets the eligibility criteria for SIP 2.0. The 60-month “blackout” period for SDRP eligibility applies only to cases commenced under SIP 2.0.

REQUIREMENTS FOR ENTRY INTO THE SDRP

4. What are the requirements for entry into the SDRP?

A company may enter into the SDRP only if the following requirements are met:

- (a) The liabilities of the company (including contingent and prospective liabilities), and any liabilities to any related party of the company do not exceed \$2 million;
- (b) Within the period of 60 months immediately before the proposed date of lodgment of the notice of its entry into the SDRP, the company:
 - (i) Has not previously entered or was not previously accepted into the SDRP under SIP 2.0; and

- (c) There are no circumstances known to the RA that make the company unsuitable for entry into the programme.

5. What are the circumstances that affect suitability for entry into the SDRP?

- (h) The company (with the assistance of a RA) is unlikely to be able to formulate a proposed compromise or arrangement with its creditors, or obtain the agreement of two-thirds majority in value of its creditors to the proposed compromised or arrangement, within the moratorium period after the company's entry into the SDRP;
- (i) Any other circumstances as may be prescribed by order in the Gazette.

6. What information and documents must a company submit to the RA for SDRP eligibility assessment?

Pursuant to section 72E(2)(b) IRDA read with regulation 3 of the Insolvency Restructuring and Dissolution (Simplified Debt Restructuring) Regulations 2021², the company must submit the following documents to the RA for entry eligibility assessment:

- (a) The name and address of each creditor of the company and the amount owed to that creditor;

- (c) A description of the company's intended business activities for 12 months following the company's entry into the SDRP (which may include the company's current business activities);

- (e) The projected cash flow of the company for 30 days following the company's entry into the SDRP; and
- (f) Any other information that may be required by the RA.

ADMINISTRATION OF THE SDRP

7. What is the commencement date of the SDRP?

² As amended by Insolvency, Restructuring and Dissolution (Simplified Debt Restructuring) (Amendment) Regulations 2026.

SDRP commences on the date of lodgment with the Registrar of Companies (“ROC”) and date of publication with the Official Receiver (“OR”) of the notice of company’s entry into the programme, whichever is later, whereupon the moratorium period begins.

8. What is the procedure for publishing and lodging the notice of the company’s entry into the SDRP?

Pursuant to section 72E(2) IRDA, the RA must publish a notice of the company’s entry into the SDRP on the [OR’s website](#) and lodge it with the ROC and the OR. The administrative sequence is as follows:

- (a) Make the publication via the [Insolvency Office’s e-Services](#);
- (b) Make the lodgment on the ROC’s website, indicating the date of publication of the company’s Notice of Entry into the SDRP. The lodgment with the ROC is deemed lodged with the OR as per Regulation 23 of the Insolvency, Restructuring and Dissolution (Filing, Lodgment and Submission of Documents) Regulations 2021.

9. What happens after the company enters into the SDRP?

The RA assists the company to formulate a proposed compromise or arrangement between the company and its creditors and seeks the creditors’ approval³. After the discharge of the company from the SDRP, the RA submits a post-administration report to the OR.

10. Can the approved compromise or arrangement be revoked or suspended?

Pursuant to section 72N of the IRDA, a creditor who is bound by the approved compromise or arrangement may make an application to the Court on the following grounds:

- (a) There is a material procedural irregularity at or in relation to the meeting of the company and its creditors pursuant to section 72M IRDA, or in relation to the approval of the creditors at the meeting, including a situation where —
 - (i) any of the contents of the notice to summon the meeting specified in section 72M(3) IRDA is materially false or misleading;

³ The compromise or arrangement is approved by the company’s creditors when two-thirds or more (in value of the debts) of those creditors meant to be bound by the compromise or arrangement, and who were present and voting (either in person or by proxy), vote in favour of a decision approving the debt restructuring proposal.

- (ii) there is a material omission in such contents; or
 - (iii) there is otherwise a defect in the manner in which the approval has been obtained from the creditors;
- (b) A substitution or splitting of classification of creditors is necessary in the circumstances for the compromise or arrangement to be fair and equitable to all the creditors who are meant to be bound by the compromise or arrangement; or
- (c) The proposed compromise or arrangement approved by the meeting of the company and its creditors under section 72M IRDA is contrary to the interests of the creditors of the company as a whole.

If the Court is satisfied that one or more of the grounds is satisfied, the Court may make any order it thinks fit, including revoking or suspending the compromise or arrangement or giving any directions to the RA.

11. How long is the SDRP process?

The notification and holding of the meeting of the creditors for approval of the debt restructuring proposal (“DRP”) must be completed within the default moratorium period of 30 days, which begins from the time the company enters into the SDRP (see FAQ No. 7, above). The company is discharged from the SDRP upon the approval and lodgment of the DRP with the OR and the ROC, or upon the expiry of the moratorium period, whichever occurs earlier.

Given the strict timelines, companies should substantially complete preparatory work and resolve foreseeable negotiations with creditors before entering into the SDRP, as the 30-day period begins immediately upon commencement.

12. Can the moratorium period be extended?

The company or the RA may apply for an extension of the moratorium period on the [Insolvency Office's e-Services](#) at least 7 days before the expiry of the moratorium period, providing the reason(s) for making the application and the consent of at least two-thirds in total value of the creditors.
